

**Short Report on Overall camp situation
In Kutupalong Makeshift camp**

International Organization for Migration (IOM)
আন্তর্জাতিক অভিবাসন সংস্থা (আই.ও.এম.)

General Context

From 19th June, 2015 there was continuous heavy rainfall in all over the country as well as kutupalong makeshift camp under cox's bazar district. As per the information of BMD (Bangladesh Metrological Department) there were 467 mm rainfalls in few days. Considering this unexpected situation a rapid field visit was conducted on 28th June, 2015 by the representative of ACF, MSF and IOM. At the time of field visit it was found that most of the shelter was under logged, floor and wall were fully/partially damaged. According the rapid assessment total 38 shelter was partially damaged and 06 shelters were fully damaged (approximate).

Assessment Data:

Block	Partially Damage	Fully Damage	Remarks
